If the Services become or are likely to become the subject of an infringement claim, OceanTech may at its option: (i) procure the right to continue using the Services; (ii) modify the Services to be non-infringing; or (iii) terminate the affected Services and refund any prepaid fees pro-rata.

11. Term and Termination

11.1 Term. This Agreement shall be effective from the last signature scribed below (the "Effective Date") and continue for three (3) years, unless earlier terminated as provided herein.

11.2 Termination Rights. Either party may terminate this Agreement upon thirty (30) days' written notice to the other party. Upon termination, Customer will receive (without prejudice to any other right or remedy available to Customer) a prompt refund of all fees paid in advance for Services not yet provided by OceanTech, less any Services OceanTech cannot return for credit. Refunds payable under this Section 11.2 are not Reimbursements for purposes of Section 3.8 and shall be paid in cash. Customer will pay OceanTech for any services provided prior to the effective date of termination unless such payment is prohibited by law.

11.3 Termination for Cause. Either party may terminate this Agreement immediately upon written notice if the other party: (a) materially breaches any provision of this Agreement and fails to cure such breach within thirty (30) days after receiving written notice thereof; (b) becomes insolvent or seeks protection under any bankruptcy, receivership, trust deed, creditors' arrangement, or comparable proceeding, or if any such proceeding is instituted against such party; or (c) fails to maintain required licenses, permits, or certifications necessary to perform under this Agreement. If either party terminates for cause, the other party will have no obligation to pay any termination fee or costs, meet any minimum payment requirements, or pay any penalty, or otherwise be subject to any restriction.

11.4 Effect of Termination. Upon termination or expiration of this Agreement: (a) OceanTech shall complete any Services in process unless otherwise directed by Customer; (b) Customer shall pay all outstanding undisputed amounts for Services performed; (c) each party shall return or destroy all Confidential Information of the other party as provided in Section 9.6; (d) all licenses granted under this Agreement shall immediately terminate; and (e) any provisions which by their nature should survive termination shall survive, including Sections 3.8 (Reimbursement Payment Elections; OT Service Credits; Counterfeit Materials), 4.4 (Data and Software), 7 (Indemnification), 8 (Limitation of Liability), 9 (Confidentiality and Data Protection), and 12 (Dispute Resolution).

11.5 Transition Assistance. Upon termination or expiration of this Agreement for any reason, OceanTech shall, upon Customer's request and at Customer's expense, provide reasonable transition assistance to facilitate the orderly transfer of Services to Customer or its designated service provider. Such assistance may include: (a) developing a transition plan; (b) providing necessary documentation; (c) transferring or destroying Customer data as directed; and (d) cooperating with Customer's reasonable requests to minimize service disruption.

12. Dispute Resolution

12.1 Informal Resolution. The parties shall attempt to resolve any dispute, controversy, or claim arising out of or relating to this Agreement through good faith negotiations between senior executives of both parties who have authority to settle the dispute. Either party may initiate negotiations by providing written notice to the other party, setting forth the subject of the dispute and the relief requested. The recipient shall respond in writing within ten (10) business days with their position and recommended solution. If the dispute is not resolved within thirty (30) days from the date of the initial written notice, either party may proceed as set forth below.

12.2 Mediation. If the parties cannot resolve any dispute through informal resolution, they shall submit the dispute to mediation administered by a mutually agreeable mediation service prior to initiating arbitration or litigation. The parties shall share equally the costs of mediation and each party shall bear its own attorneys' fees and costs. The mediation shall take place in Minneapolis, Minnesota, unless otherwise agreed by the parties.

12.3 Arbitration. Any dispute not resolved through mediation shall be settled by binding arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules. The arbitration shall be conducted by a single arbitrator with significant experience in IT asset disposition, data security, and technology services agreements. The arbitration shall take place in Minneapolis, Minnesota. The arbitrator's decision shall be final and binding and may be entered in any court having jurisdiction. The arbitrator shall not have authority to award punitive damages or any damages excluded by this Agreement.

12.4 Injunctive Relief. Notwithstanding the foregoing dispute resolution procedures, either party may seek injunctive relief or other equitable remedies from any court of competent jurisdiction to prevent or curtail any breach of this Agreement relating to confidentiality, data protection, or intellectual property rights, without first complying with the procedures set forth above.

12.5 Continued Performance. During the pendency of any dispute resolution proceeding, each party shall continue to perform its obligations under this Agreement that are not affected by the dispute.

12.6 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Minnesota, without regard to its conflict of laws principles. The parties hereby consent to the exclusive jurisdiction of the state and federal courts located in Hennepin County, Minnesota for any actions not subject to arbitration under this Agreement.

13. General Terms

13.1 Independent Contractors. The parties are independent contractors. Nothing in this Agreement shall be construed to create a partnership, joint venture, employment relationship, or agency relationship between the parties. Neither party has authority to bind the other or make commitments on the other's behalf.

13.2 Force Majeure. Neither party shall be liable for any failure or delay in performance under this Agreement due to circumstances beyond its reasonable control, including but not limited to acts of God, war, terrorism, civil unrest, epidemic, pandemic, natural disasters, governmental actions, or telecommunications failures. The affected party shall: (a) promptly notify the other party of the force majeure event; (b) use reasonable efforts to minimize the impact; and (c) resume performance as soon as practicable after the event ends. If a force majeure event continues for more than thirty (30) days, either party may terminate the affected Services upon written notice.

13.3 Assignment. Neither party may assign or transfer this Agreement or any rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party, which consent shall not be unreasonably withheld. Notwithstanding the foregoing, either party may assign this Agreement without consent to a successor in connection with a merger, acquisition, or sale of all or substantially all of its assets related to this Agreement. Any attempted assignment in violation of this section shall be void.

13.4 Subcontractors. OceanTech may engage subcontractors to perform portions of the Services, provided that: (a) with respect to any subcontractor that takes possession of data-bearing Materials or that performs data sanitization or destruction (each, a "Data Subcontractor"), OceanTech remains fully responsible for all Services performed by such Data Subcontractor; (b) with respect to any independent freight carrier, motor carrier, freight broker, or other third-party transportation provider engaged to transport Materials (each, a "Common Carrier"), OceanTech shall exercise commercially reasonable care, consistent with prevailing industry standards for the ITAD industry, in selecting, instructing, and monitoring such Common Carrier, shall verify that the Common Carrier maintains insurance coverage consistent with such standards, and shall provide reasonable handling and security instructions. OceanTech does not control, and shall not be liable for, the acts or omissions of a Common Carrier beyond the performance of the obligations described in the preceding sentence. Upon Customer's written request, OceanTech shall pursue commercially reasonable claims against the Common Carrier and its insurers in respect of Customer's Materials and shall remit to Customer any amounts actually recovered, less the reasonable costs of recovery; (c) all subcontractors comply with the terms of this Agreement; and (d) OceanTech ensures subcontractors maintain appropriate security controls and comply with all data protection requirements.

13.5 Amendment. This Agreement may be amended only by a written instrument signed by authorized representatives of both parties. No term of this Agreement shall be deemed waived, and no breach excused, unless such waiver or consent is in writing and signed by the party claimed to have waived or consented.

13.6 Severability. If any provision of this Agreement is held invalid or unenforceable by any court or tribunal of competent jurisdiction, the remaining provisions shall continue in full force and effect. The parties shall negotiate in good faith to replace any invalid or unenforceable provision with a valid and enforceable provision that most closely achieves the intended purpose of the original provision.

13.7 This Agreement is intended solely for the benefit of the parties and their respective successors and permitted assigns. Nothing in this Agreement shall create or be deemed to create any third-party beneficiary rights in any person or entity not a party to this Agreement.

13.8 Interpretation. The headings in this Agreement are for reference only and shall not affect the interpretation of this Agreement. The term "including" means "including without limitation." The terms "herein," "hereunder," and similar terms refer to this Agreement as a whole rather than to any specific section.

13.9 Entire Agreement. This Agreement, together with any applicable Statements of Work, constitutes the entire agreement between the parties regarding the subject matter hereof and supersedes all prior and contemporaneous agreements, proposals, and representations, whether written or oral. In the event of a conflict between this Agreement and any other document, the order of precedence in Section 1.3 shall apply.
